VOLUME XI

COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY, JUNE 3, 1908.

NUMBER 30

Democratic mass convention at the court-house next Saturday afternoon.

Eld. W. K. Abill preached an interesting sermon at the Methodist church Sunday.

Many graves in the city cemetery were decorated here last Saturday afternoon.

The Metairie circuit court commenced at Edmondton Monday, Judge H. C. Baker on the bench.

The third Monday in this month will be the beginning of the Russell circuit court at Jamestown.

There are paints and paints but only one safe paint, that's Green Seal. W. F. Jeffries & Sons.

The health of Columbia was never better. If there is a case of sickness in town we do not know it.

Strawberries are said to be plentiful, but only a few have been on the market. The varieties are very fine.

Evangelists Hopkins and Elliott made interesting talks at the Christian church last Sunday night. The congregation was large.

Green Seal Paint has positive merit; it does more than merely satisfy, it makes people talk about it.—W. F. Jeffries & Sons.

It is more than likely that another brick dormitory will be built on the Lindsey-Wilson hill. Most favorable talk is now being indulged in.

The street leading to the Standard Hardware Lumber Company from the main Russell Springs road, is being graded preparatory to putting on metal.

Wanted, a farm, a good one with good outlet, handy to church and school. Address L. A. Frazier, Edmondton, Ky.

For \$2.00, and we will give you the News one year and the Daily Courier-Journal or the daily Times from now until the first of December.

Eld. Z. T. Williams is conducting a meeting at Cane Valley, invited by Eld. Wyatt Montgomery. Large congregations are attending the evening services.

Come in and attend the Democratic convention, to be held at the court-house next Saturday afternoon. There will be no wrangling, just a harmonious meeting of neighbors and friends.

All persons indebted to the M. and F. High School—literary or musical department, are requested to call on the undersigned at once and settle. (23-1) John W. Flowers, Treas.

Remember that you can get the Daily Courier-Journal from now until the first of December and the Adair County News one year for \$2.00. Now is the time to send in your subscriptions.

A large crowd is in town this (Tuesday) morning to attend M. L. Clark's circus. They are here from the low lands and from the highest hills, anxious to see the animals and all other sights connected with the show.

Mr. J. F. Triplett caught two fine perch last Thursday. There is a great deal in knowing how to fish. Some fishermen have been having very poor luck, saying that there are no fish in the creek, but when ever Triplett goes he gets 'em.

A new bank is to be started at Cressboro in a very short time. It is our understanding that a great deal of the stock was raised at Russell Springs. The safe has been ordered and the organization perfected excepting the selection of a cashier.

The Fourth District Convention at Chestnut Grove Adair county was the best one in many respects we have had for a number of years. Large attendance both Saturday and Sunday, some estimated the crowd on Sunday at 1000. There will appear a fuller account of the meeting next week.

We have been honored with an invitation to attend a banquet given for all former students of Georgetown College and Female Seminary at the Seaboard Hotel, Louisville, on Thursday June 11, 1908, at 8 p. m. The Committee is endeavoring to make this the greatest social event in the history of the college.

Rev. J. C. Cook, pastor of the Baptist church here, received a very flattering call last week from the Calvary Baptist church, Denton, Texas. Rev. Cook being pleasantly situated in Columbia and very much in love with his flock, respectfully declined to leave his position in preference to his many friends in the community as a whole.

Some time ago it will be remembered that the Russell Spring Hotel and lots connected, were sold to the highest bidder. After the sale had been made it was claimed there was a flaw in the title and it was not confirmed. A test case went to the court of Appeals and the decision of the Russell circuit court was affirmed. The case that went up was that of Foley vs. Graham. Said sale now being declared valid, a transfer will now be made, and all the other lots and the Hotel resold.

Mr. Jack Cox, who was a native of Green county, and a freight conductor on the O. & C., was killed by a runaway Saturday the 23rd ult. It is supposed that he was coupling up the car when the engine struck the car, killing him. The deceased was a cousin of Mr. J. M. Frazer and Mrs. W. B. Patterson, of this place. He was a man of exemplary character and very popular with the railroad officials. He leaves a wife and one child, a daughter, ten years old.

Miss Dimple Cooper entertained her usual happy group, at a six o'clock dinner, last Friday. Those present were Misses Ada May Jones, Myrtle Myers, Katie Murrell; Mr. R. Y. Hindman, Messrs. Robt. Reed, Fred Hill and John Lee Walker. Those who were invited to the dinner were Mr. J. M. Frazer and Mrs. W. B. Patterson, of this place. He was a man of exemplary character and very popular with the railroad officials. He leaves a wife and one child, a daughter, ten years old.

Jo Tom White, a colored man who works about town, received a severe sunstroke last Thursday afternoon. He was snaking logs in the yard of the Columbia Hardware Lumber Co. when he fell. Dr. J. H. Grady was called and administered into him, and he soon revived, though at one time it was thought that he would not recover.

Quarterly meeting at the Methodist church next Sunday and Monday. Presiding Elder Hule will preach Sunday forenoon and evening. Administration of the Lord's supper at the evening services. The business of the meeting will come up Monday afternoon. All the members and church goers of other denominations are cordially invited.

A representative of the News was over a portion of Adair and Russell counties last week, finding the farmers very busy, getting in their corn crops. He says the wheat crop in the two counties will be ready to harvest in a few days, and that it is the finest that ever came under his observation.

The gardens about town are looking very nicely. Sam Lewis has not had tomatoes yet, but a few families have enjoyed a mess of peas. Sam's tomato seed was imported and the last time we heard him talk we concluded that he would grow tomatoes about the size of a barrel.

Miss Bess Rowe delightfully entertained a few special friends last Thursday evening, choice refreshments being served. Those present were Misses Kate Vardaman, Lina Rosenfeld, Bess Walker, Messrs. Jas. Garnett, Bruce Montgomery, J. C. Dry and Tim Craven.

What will Adair county people do with the proposition to take the Green county people with a pick? The latter are now at work and will push the enterprise to the Adair line. This county will only have about eight miles to build. It is time to get busy.

Candidates for county offices are pipping, but no public announcements. The fight for position will be among Republicans. We know a number who will offer for nominations, but at this time we are not at liberty to call names.

Mr. Benjamin Ellison, whose home is not far from Montpelier, was adjudged a lunatic here last Thursday. He is about 55 years old, been in bad health six months, his reason having only been dethroned about one week. He was conveyed to Lakeland.

Mr. John Lee Walker will build a large, handsome residence on Greensburg street. The location is between the homes of Mrs. Annie Flowers and Allen Walker. Mr. E. G. Shaw has the contract.

We talk about hot weather, but in reality we know but little about it. If you really want to feel how hot it is take hold of the plow handle and go round a twenty acre field all day.

A large number of Democrats should be in Columbia next Saturday. There will be a gathering to select delegates to the State Convention to be held in Lexington, June 11th.

Sins & Hall of this place, have been awarded the contract to do the brick work on the new college building at Burkesville. The work will begin as soon as the brick can be made.

The Biggest package of paint satisfaction ever sold is what you get in every can of Green Seal.

## C. U. TAKES CHAMPIONSHIP.

### Cardinal and Blue Nine Defeats State Through the Pitching of Stults.

A dispatch from Danville to the Louisville Herald gives the following account of a recent base ball game won by Ewing Stults, of this place:

Stults, the greatest pitcher seen here since Howard Cannizz, aided by sturdy work with the willow, clinched the intercollegiate base ball championship today for Central, by shutting out State University 9 to 0.

The game was fast on both sides from the start, but after Hillemeier's wild throw in the fourth, scoring Collins, the visitors went up in the air. In the interim Caudill was swatted by Collins, Stults and Cave for two-baggers each, and the State infield went to pieces, allowing the Cardinals and Blue team to make the circuit almost at will.

The game took place immediately after the carnival parade, and the field and grand stand was a mass of pretty girls and gorgeous floral decorations. "Like" Gray's great catches in the outfield, and Collins' stick work were among the features. Watkins gave Stults handsome support.

Batteries—Central, Stults and Watkins. State—Caudill, Hillemeier and Stone. Umpire—Dillhay.

## GOING TO THE FRONT.

Mr. N. B. Miller, Jr., a native of Columbia, a young man less than twenty years old, will graduate from Westminster College, Fulton, Mo., June 11th. He is the youngest member of the senior class and the youngest student that ever graduated from that institution with an A. B. degree. Mr. Miller is a very excellent young man, a son of Mr. and Mrs. N. B. Miller, who many years ago were residents of this place.

In closing the News an invitation to be present at the graduating exercises, young Miller says: "It was my good fortune to have been born in the good old town of Columbia less than twenty years ago, and while I left there with my parents when but six years of age, I have many fond recollections of the place and people."

## PAINFULLY MURT.

Mr. Jas. T. Page met with a very painful and serious accident last Wednesday afternoon. He rode out to his farm and soon after his arrival he noticed one of his mules in his wheat field. Dismounting, he let down a rope two or three rails and succeeded in getting the mule out. He had unannounced the mule from the bit and was leading his horse. When the mule jumped over Mr. Page undertook to make his horse do likewise, but instead he made a quick dash down the line. The mule on the main caught Mr. Page's left forefinger, tearing off the end. Dr. Ross replaced the finger by taking several stitches, but it will require several weeks for the member to properly heal.

## WAS FAR SIGHTED.

Once upon a time, in the early days of Dr. J. N. Page, he knew an old lady who resided in the vicinity of Cressboro, whose name was Holt, and who was far sighted. She could not select a dress pattern by calling at a store, but when she wanted one she would send word to the merchant to hold up several patterns and she would tell him from her home, she lived three hundred yards from the store, the piece she wanted. She traded altogether in that way and never made a failure in selecting the goods she desired.

## MARRIAGE LICENSE

The following marriage license were issued from the Adair county clerk's office during the month of May. Kirby Fudge to Alice Smith. A. B. Corbin to Ida B. Biggs. P. M. Roberts to Dotie Withers. Jack Franklin to Lulu Crawford. Lorenza Coffey to Annie Vance.

## WILL LOCATE IN JAMESTOWN.

Dr. J. H. Grady, who has been somewhat unsettled since he removed from Columbia to Monticello, more than two years ago, has decided to locate in Jamestown and will go to that place some time this week. Dr. Grady has been a successful practitioner for quite a number of years, and the people of Russell county, who are to be given the benefit of his knowledge of medicine, are to be congratulated. He

knows how to diagnose a case, and what to give a patient to bring about relief. He is not going to Jamestown to interfere with the creditable physicians there, but to give the people the benefit of his skill if they so desire. He will make it a point to treat his brother physicians in the most courteous manner possible, and knowing them as he does, he is satisfied they will accord him the same treatment. He will leave Columbia and Adair county with the best wishes of every body.

## AN ENJOYABLE AFFAIR.

The beautiful home of Dr. C. M. Russell and wife was the scene of a delightful social gathering last Thursday evening. The parties were brilliantly illuminated and flowers were in abundance. Delightful music was rendered and many interesting games were played. At the usual hour enticing refreshments were served. Dr. and Mrs. Russell take a great interest in the young people, and the following couples are indebted to them for an evening happily spent. Dr. R. Y. Hindman, Miss Myrtle Myers; Mr. Robt. Reed, Miss Ada May Jones; Mr. Fred Hill, Miss Katie Murrell; Mr. J. W. Flowers, Miss Lina Rosenfeld; Mr. Elaine Dry, Miss Bess Walker; Mr. Ray Flowers, Miss Madge Rosenfeld; Mr. A. S. Chewning, Miss Alice Walker; Mr. Bruce Montgomery, Miss Kate Walker; Mr. John Lee Walker, Miss Dimple Cooper.

## CAN'T HEAD 'EM

Mr. N. M. Tutt, of this place, is the owner of a couple of bound pups which will evidently make fast and never-to-give-up runners. They are only three and a half months old and their home is at Mr. Tutt's farm, near town. There are several other bounds on the place, and when a chase is up the pups know it. They leave home with the pack and when a fox is started they can be heard giving their mouths for two and three hours. Their endurance is remarkable. The mother of the pups is Gypsy Queen, a noted well-bred runner, sent to Mr. Tutt by Capt. B. F. Powell, of Lincoln county. These young pups are highly prized and are being well cared for by their owner. Some time when Capt. Powell is in Adair, he will be permitted to hear the pups and to see the swiftness of these pups.

## THE DISTRICT CONFERENCE.

The District Conference of the M. E. Church South, was largely attended at Greensburg and much interesting work accomplished. We copy the following paragraph from the Green county Record.

"Special interest and much complimentary comment has been made by the citizens and visitors of the splendid sermons delivered by Rev. A. R. Kasey and Rev. E. F. Goodson. These discourses will long linger in the memory of the hearers. Mr. Kasey is the pastor of the church here and while Rev. Goodson is not an Adair county man, his mother was born, reared and married to his father in this county. We have a right to partially claim him."

## PREACHER TOOK A HAND.

Andrew DeSpain, of Green county, is now keeping company with the Larue county jailer at Hodgenville. He went to a Sunday school in the Pleasant Ridge neighborhood, raised a disturbance on the outside by swearing and engaging in devilment. Rev. L. C. Warren, pastor of the church, was present. He dismissed the school, went out and arrested DeSpain and turned him over to the sheriff of Larue county. DeSpain friends undertook to rescue him from the minister, but the undertaking was just a little too large. DeSpain was given twenty days.

## SALE OF PRIVILEGES.

The Amusement, Novelty and Refreshment privileges of the Russell Springs Fair will be sold at Public Auction on Saturday, June 13th, at the Fair Grounds. Any and all bids received through the mail will be held strictly confidential until the sale is on. We are promised the best fair ever known for Russell county on August 4, 5, 6 and 7. R. G. Wood, Secretary.

## NOTICE TO TAXPAYERS.

All persons owing taxes for the year 1908 are requested to come forward and settle at once and save trouble and cost both to you and myself. My office is to be open on all week days and a list of appointments will be made in each Magisterial District later, for the purpose of receiving your taxes. W. B. Patterson; S. A. C.

Judge S. A. Gann, who removed to Felix Russell county, has returned to Jamestown.

WANTED.—Live, Red and Gray Fox's. Will pay \$1.25 to \$2.00 each. W. T. HODGEN, Box 232, (27-3m) Campbellville, Ky.

We understand that several brandy distilleries will be started in Russell county as soon as the early apples ripen. Wouldn't it be better to dry the fruit?

Steer Clear of Indifferent Paints—that are not good enough to call forth any special mention, nor had enough to cause many serious complaints. Take no chances.—Buy Green Seal.—W. F. Jeffries & Sons.

Goff Bros & Smith have rented the large barn owned by Judge Hancock and which is next to their livery stable. They now have abundance of stall and shed room and plenty of feed. They intend your trade.

FOR SALE.—My farm containing 272 acres lying in Caney Fork Valley 1 mile west of Coburg, all level fertile and well watered, an ideal stock and grain farm in high state of cultivation. Address Jas. T. Sublett, 24-3m Coburg, Ky.

Mrs. Jane Watkins, the widow of the late Eli Watkins, left here for Lebanon Infirmary last Thursday for the purpose of having a catarrh removed from her eyes. Dr. C. M. Russell accompanied her. She has been afflicted for many months.

There was no damaging storm at Campbellville Monday afternoon of last week, as was reported here. There was much wind, but the only damage, which was slight, was the lightning striking the rear end of the Lebanon Foultry house.

A Municipal Board of a town and the Fiscal court of a county get more or less kicks at legislation proceeds, but after the work has been done and the people realize the benefit accomplished every body is satisfied, and the kicker ready to say "I was for the measure all the time."

While a great many farmers of Adair county were late getting in their corn crops, quite a number were early and some corn has been plowed over. One farmer, who lives on Harrodsfork, informed us a few days ago that his section was needing rain, the ground to hard to plow.

At the last Fiscal court an appropriation of \$200 was made to assist in gravelling the public square. It is our understanding that the municipal board is also going to lend a helping hand. The work is badly needed and should be done during the Summer months when the weather is good.

## AT CARMEL.

A great many old soldiers and a large number of civilians and many ladies attended the Decoration day at Carmel last Saturday. There were several patriotic speeches made and flowers were strewn, by loving hands over the graves of departed heroes.

In the forenoon a Presbyterian preacher delivered an appropriate sermon. In the afternoon Mr. Jas. Garnett and Gov. J. R. Hindman paid tributes to the dead. The Columbia Brass Band rendered a number of national airs during the day, and there was an abundance of dinner on the ground for every body. Decoration Day was also observed in a very appropriate manner at Stone's Grave Yard, South of Columbia.

## ATTENTION.

The business of Mr. Robt. Hudson, who is running a first-class bakery in Columbia, is rapidly growing, orders for bread coming in from the different towns in the county. Mr. Hudson has in his employ an experienced baker, and the best of bread, cakes and pastry is at all times ready. Send in your order by using phone. Baking hams a specialty. 30-4t

## NOTICE.

Having secured a larger engine, I desire to sell my 8-horse power portable engine of the Garr & Scott make. It is in good shape, and I will sell it at a bargain. Call or address. C. C. Mitchell, Greensburg, Ky.

## STOCK ITEMS.

Mr. Jas. Garnett lost a very fine Jersey heifer last week. My office is to be open on all week days and a list of appointments will be made in each Magisterial District later, for the purpose of receiving your taxes. W. B. Patterson; S. A. C.

## JUDGE I. H. THURMAN.

It is worth the while of any man to hear Judge I. H. Thurman instruct a grand jury. He deals with each of the subjects in a manner that pleases those who hear him, and enlightens the members of the jury. His instructions are clear; they are logical. His conclusions are strongly drawn, and are presented in that emphatic way that commands strict attention. He never minces words; he seldom talks at length, but he covers every subject thoroughly. Judge Thurman possesses that happy faculty which enables one to say much in a few words. It was our pleasure to hear him instruct the grand jury on last Monday, and, while we had heard him before, we candidly say that we have never heard him, nor any other judge, deliver stronger instructions to a jury.

There is not another Circuit Judge in Kentucky who dispatches business as rapidly, and in such a satisfactory manner as Judge Thurman. His decisions are seldom criticized, and it doesn't often happen that the Court of Appeals reverses him. "I can't recall but one criminal case, that was before Judge Thurman, that was ever reversed," said an attorney to the editor of The Sun a few days ago. "Judge Thurman is a thorough student of the law," continued this attorney. "He is level-headed, and is as free of bias as any Judge I have ever known."

The people of this judicial district are to be congratulated. They have as their judge a man who has always endeavored, and who will always endeavor to draw to the line in matters legal—a judge who always sees it that justice is meted out to the rich and the poor alike. Knowing Judge Thurman's nature as we do, we are convinced that he would give his bitterest enemy as fair a trial as he would his best friend. There is no room in his heart for malice—no place in his brain for the conception of a detestable scheme. He is broad-minded, possessing an even temper and a disposition that casts off "arrows and slings" as the Gibraltars cast off the debris of an April shower.

It matters not how well-trained a man may be in the technical details of law, nor how scholarly he may be, nor how gentle, if he lacks those elements of justice that give us tranquil hearts and clear heads, relieving us of the trident with which we pierce the bosom of the God or Wrath—that Monster that fires our brains with hatred and taints our souls with malice—he is more unfit for Judge of a Court of Justice than the broad-minded farmer who knows naught of law, except that which he has learned through the teachings of common sense.

A man whose heart may be turned by praise, or whose heart may be inflamed by criticism—although he may be an excellent lawyer and a good citizen—is dangerous when placed upon the judicial bench. He becomes a menace to the whole State. He occupies that position that enables him to destroy character by sending to prison the innocent, to wreck fortunes by rendering unjust decrees and to sow broadcast the seeds of anarchy and discontent. A presiding judge is a monarch. If he is honest, capable and broad-minded, his empire will never be lost, and he is a blessing to his district—and to his State. If he is that character of man whose passions are easily aroused he is a dangerous—exceedingly dangerous.

America's trouble to-day is an affliction of incompetent, corruptible and vain judges—characters as wishy-washy as "the sands of the tides."

Judge Thurman possesses every qualification of an excellent Judge. He is not easily ruffled; his prejudice can not be appealed to; he is competent. His enemy and his friend are alike to him when they are brought into his tribunal. He serves the people fearlessly.

### POULTRY AS A BUSINESS.

P. C. Dorsett, writing in the Memphis, Tenn., News Scimitar, says: The poultry and egg output has assumed enormous proportions the last five years. Any one that has not given the subject very much thought does not realize the part it plays in our American industries.

Since the advent of some of the newer breeds people have come to recognize poultry and egg farming as a very remunerative business. In the first place it does not require a great deal of capital to commence with. I would advise any one thinking of going into poultry raising, unless they have some experience, to begin at the bottom and build up. Some of the best poultrymen we have in the country began with a couple of settings of eggs. By so doing they did not risk much and gained experience as they went. One should also start with one, and not over two, breeds, as you can give them better attention, for it is a fact indeed, if you do not give your poultry good care you will be a failure as a fancier.

Study them, read, get all the information you can about the breeds in general. You will never know too much. However, you must not depend on what you see or what some one else tells you, for your local conditions may be quite different from those elsewhere. And you should never be afraid of a little expense; if you are, you cannot expect to keep up as a first-class fancier. As nothing succeeds like success, one has to be on the lookout all the time and try to keep what the people want most. As the other breeds drop out and the newer take their places it stands one in hand to keep his eyes open and always stay abreast of the times.

Like every other business, to make a success you must go into it with your whole soul and body. If you sell eggs for hatching do not misrepresent. A satisfied customer is worth more to you than many times the value of your eggs. Your motto should be the Golden Rule, and I will venture to say if you stick to it success will surely crown your efforts. Get a good, popular breed; there are many to select from.

### HOGWALLOW.

[Kentucky]

Since Raz Barlow got fooled by Miss Hostetter Hocks, he has bought him a pipe and will try to smoke himself to death.

Tobe Mosely will go to Tickville tomorrow to enter his horse in the funeral procession that will pass through there.

Two good men stood talking and a third one came by and greeted them warmly, as it was not often that he could find so many good men together.

"A Woman's Honor" is being presented on the stage throughout the country in four acts. There is a talk of putting "A Man's Honor" on in one act.

Miss Rosyola Mosely is remodeling her last year's parol into a merry widow hat.

An onion by any other name would smell just as bad.

- Luke Mathews is being urged not to run for office this year.

A large drove of frogs passed through Hogwallow early Thursday morning. They are going over to spend the summer in

### Tobe Mosely's pond.

Poke Eazley has built a fence across that portion of Gander Creek belonging to him.

A stranger floated down from Tickville on a raft last Sunday and has since been hanging around the post office. It is believed he is looking for some mail. He is armed with a shot gun. Raz Barlow and Sap Spradline have been appointed a committee to ask him what his name is.

Some people express all their grief with a piece of crepe.

Be bright. Have lots of sense. Then you'll be much more intelligent than the rest of the fools.

The noise on Gander Creek has been improved by the appearance of two larger frogs from Bounding Billows.

Washington Hocks is not going to drink anything but water this summer and has planted a lot of gourds.

As soon as the hens lay twice more Miss Fruzze Allsop announces that she will do some shopping in Tickville.

Atlas Peck says he has noticed that the snakes are lazy in the winter time but pretty lively in the summer.

Standard Hancock had a relative to die at Bounding Billows, the other day, and will drive his black horse for a short time.

The rats have carried off all of Robe Mosely's corn, and he says he is going to watch the rat holes this spring for green corn stalks.

A stranger by the name of Smith passed through here today. He is the only person that ever made a success at catching fleas in a trap.

While Sim Flinders hasn't got anything else to do he says he believes he will get him a gimlet and help the fishing worms through the ground.

A lively shooting scrape took place at the dance on Gimlet Creek, Saturday, but the Excelsior Fiddling Band was making so much noise nobody but a few close bystanders could hear it.

Miss Constance Henstep, of the vicinity of Calf Ribs was a popular visitor in Hogwallow last week. She visited the Hensteps here, and would have stayed a month or two, but she is just their second cousin.

Scholars are being turned out at the Wild Onion school at a rapid gait. It is the custom of Prof. Sap Spradlen to allow pupils to quit school as soon as they learn all that himself knows. It does not take the average Hogwallow pupil long to learn all that the professor knows, and that is the reason the attendance is so small.

Alfalfa will revolutionize farming and cattle raising. It furnishes more good feed per acre than any other two crops and enriches the land at the same time. Alfalfa can be grown where red clover grows. A good way to get a stand is to cut red clover in June, break the ground, keep it harrowed until August 15, then sow fifteen pounds of tested alfalfa seed per acre and you will rejoice ever after.

### Bucklen's Arnica Salve Wins

Tom Moore, of Rural Route 1, Cochran Ga., writes: "I had a bad sore come on the instep of my foot and could find nothing that would heal it until I applied Bucklen's Arnica Salve. Less than half of a 25 cent box won the day for me by affecting a perfect cure." Sold under guarantee at T. E. Paul's drug store.

### ABOUT HORSES.

Give the horse a good collar to work in.

A good horse does not have a bad color.

All city draft horses eminate from the farm.

A good mare deserves to be mated with an A 1 stallion.

The first year in growing the colt is the making of the horse.

A good colt to-day is the way paved to a good horse later on.

Never begrudge the stallion fee where there is a good horse in sight.

Growing a few colts on the farm helps to diversify the live stock interest.

We shall grow better horses and more economically when we grow more alfalfa.

Every farm needs new horses in the harness as the working season approaches.

A man never goes wrong raising a colt good enough to bring \$150 at four years old.

The grade stallion is the most expensive luxury ever indulged in by any set of farmers.

Every farmer should be interested in having a first-class stallion come to the neighborhood.

It is the rule that the mare heavy in foal is benefited by regular work up to foaling time.

### BRYAN EDITORIALS.

From The Commoner.

The newspapers are now speculating on when Mr. Canion and Mr. Aldrich will adjourn.

If Mrs. Gunness is still alive doubtless she would like to have her case reviewed by her friends.

Western wool growers are wondering why the tariff on wool is not operating with more zeal for their benefit.

This is the season of year when a lot of men overlook the lawnmower in their anxiety to get some needed exercise on the golf links.

Speaker Cannon is earning his increased wage, but as to deserving it—that, as Mr. Kipling would say, is another story.

Four members of the Swath-

more football squad have been discharged for eating pie. As between football and genuine American pie, give us pie.

It appears that William Waldorf Astor bought and presented to Great Britain the flag of a country that made him rich and under which he refuses to live and for which he never fought.

Under a protective tariff that enables Mr. Carnegie to enjoy an income of approximately \$75,000 a day, 175,000 cotton mill operatives in Massachusetts had their wages reduced approximately \$27,000 a day.

The New York World's editor is writing on "What is truly democratic?" We suppose he is not the one who played the stock market while writing and printing editorials calculated to affect the price of securities.

We may now reasonably expect a lot of administration organs to point to those destructive Oklahoma storms as retributive justice for not listening to the frantic appeals of the republican carpetbaggers before adopting that constitution.

Speaker Cannon is not in favor of forest preservation. Some of these days an aroused people will convince "Uncle Joe" that he hasn't the "deadwood" on a congressional dictatorship.

The New York baby that is rocked in that thousand dollar cradle will be subject to the same plebeian colic that other babies must endure.

### DEMAND FOR GOOD HORSES.

Farmers must take to breeding good horses. Such are not only needed on the farms but it is as easy to raise a good horse which will sell at a long price as it is to raise a scrub for which there is no market. The demand for heavy horses was never better than at present, and it is likely to increase rather than decrease. The population is centralising in large cities. These naturally become the great distributing centers, and with increase in distribution comes increase in the demand for heavy dray horses so extensively used in such distribution. This means, therefore, that the breeding of such horses is an entirely a safe venture on the part of those who take it up on intelligent lines. Those who engage in it need not be harassed by fear that they are putting their money into a plant that will soon become useless because of depreciation the price of horses. The great mistake in rearing horses for dray use lies in the fact that they are too lacking in weight. Any number of horses can be bred which weigh between 1,300 and 1,400 pounds, and yet it is the latter class that is most wanted.—Farmers' Advocate.

Congressman W. P. Kimball introduced a bill in the House of Representatives at Washington to appropriate \$25,000 for the erection of a monument in Lexington to the memory of General Isaac Shelby, the "Hero of King's Mountain," and the first Governor of Kentucky.

Senator McCreary has filed with the Senate Committee on Public Building statements showing the need of improvements to public buildings at Danville, Catlettsburg, Winchester and Lawrenceburg and will appear before the committee if permitted to make an argument.

## The Adair County News.

Published Every Wednesday

BY THE

Adair County News Company.  
INCORPORATED.

CHAS. S. HARRIS - Editor

Democratic newspaper devoted to the interests of the city of Columbia and the people of Adair and adjacent counties.

Entered at the Columbia Postoffice as second class mail matter.

WED. JUNE 3, 1908.

North Carolina has gone dry by about 40,000.

Senator Bailey's supporters were officers of the Texas State Convention. The platform endorses Mr. Bailey and instructed for Bryan.

The currency bill went through the Senate. Senator La Follette, who opposed the measure, broke all records in time speaking. He spoke eighteen hours.

A conference of the President, Secretary Taft and Gen Bell was held a few days ago and a decision reached not to withdraw any United States troops from Cuba at present.

Harry Thaw must remain in the asylum. His wife, Evelyn, has withdrawn her suit for divorce, and it will not be again instituted until the Thaw family pay over to her a very large sum of money.

There is no longer a doubt as to who the Democratic and Republican candidates for President will be. Mr. Bryan's and Mr. Taft's nominations are assured. Their running mates are in the short distance.

Mr. Matthews having withdrawn from the Congressional race, the Republican primary which was billed for next Saturday, has been declared off. The committee will meet and name Mr. Edwards the nominee of the party.

The severest punishment ought to be visited upon wife beaters. William Walker, of Louisville, whipped his wife with a rawhide until the blood run from her body and arms. A man who is mean enough to thus treat the companion of his bosom and the mother of his children ought to be in the middle of a very hot place.

Danville is on a boom. She has become the terminus of the Cincinnati Division of the Queen & Crescent. In removing the shops Somerset loses thousands of dollars per month. A great many dwellings will have to be erected in Danville, and a trade that Somerset once enjoyed will be given to the capital of Boyle.

A hot primary canvas is now going on in Tennessee. Ex-Senator Carmack and Gov. Patterson are before the people for the

Democratic nomination for Governor. The temperance question is the main issue, Carmack advocating the knocking out of whiskey in large cities, the rest of the State having already gone dry. The primary is the 27th of this month.

Mr. Tyler A. Baker, of Cleburne, Texas, son of Judge H. C. Baker, of this place, has been elected Republican Presidential Elector, for his Congressional district. This is quite a party honor, but worthily bestowed. Whenever you hear of a Columbia boy he is going some. As an attorney, Mr. Baker has made quite a reputation in that part of Texas in which he practices.

The trial of Beech Hargis, for killing his father, Judge James Hargis, was to have commenced at Jackson Monday June 1st. The mother of this wayward son visits his cell every day, and she has announced that she will spend the whole of her large fortune in the defence of her son. In our judgment Jim Hargis was a very bad man, and that the whole State profited by his taking, but it was horrible for his own son to perpetrate the deed.

Several weeks ago The News commenced advising the Democrats in the boundary of its circulation to lay aside all prejudice, get together and work in the coming campaign for the success of the party. Let by gones be by gones, and having nothing in sight but the election of the Democratic Presidential Electors, when named. We have watched our exchanges closely and we have been gratified to read, that with one or two exceptions, they have agreed with the News.

Gen. Stephen D. Lee, of Columbus, Miss., Commander-in-Chief of the United Confederate Veterans, died at Vicksburg, Miss., last Thursday. He was a great man, loved by his comrades in arms, and as a civilian, had received many honors. The funeral services were held at Columbus Saturday, thousands of old soldiers attending. Gen. Lee was 75 years old and was sick but a short time. President Roosevelt was one among the first to send a letter of condolence.

All publishers, Republicans as truly as Democrats are demanding that the tariff be taken off wood pulp so that the price of paper may be reduced. Now, if the tariff on pulp makes the price of paper higher and protects the paper trust and not the users of paper, then why not lift the tariff from every article of general use and help those who buy rather than further fatten the trusts of every description? If Republican newspaper people demand freedom from tariff protected paper, then they should also demand freedom for the great body of people on other tariff protected articles.

The Somerset Journal which is generally right on all propositions, has the following very timely editorial: "When prod-

gals are returning to the good old Democratic fold who may have (for the time) been led astray, following, as some would think, strange gods, do not humiliate them by constantly parading their names and supposed short comings in the press, while they are returning to their first love. But lovingly pat them on the back and have all the brethren sing with gusto—

As long as the lamp holds out to burn,  
The vilest of sinners may return.

We welcome them back, and if they have, even for a little season, gone astray, "that mercy we to others show, that mercy show to me." Abuse is not the proper thing and it should be cut out. Glory! They are coming home."

Pursuant to a call made by the Democratic Executive Committee, the Democrats of Adair county are hereby called to meet, in mass convention, at the courthouse in Columbia, Ky., on Saturday the 6th day of June, 1908, at 2 o'clock p. m., for the purpose of choosing delegates to represent Adair county in the State convention to be held in the city of Lexington, Ky., on the 11th day of June, 1908, which convention will elect delegates to represent Kentucky in the National Convention, to be held in the city of Denver, Col., July 7, 1908, for the purpose of nominating Democratic candidates for President and Vice-President.

GORDON MONTGOMERY,  
Chairman.

## DIRIGO

As the writer spent most of last week in Columbia, he has been unable to gather many items of interest in the neighborhood of Dirigo.

Mrs. R. L. Campbell visited her mother at Roy, last week. Miss Ellen Epperson, Roy, has accepted a position in the store of Melvin Petty near here.

J. J. England, who was sued some months ago by Mrs. H. P. Myers for a rue bargain in a horse trade was given a judgment for the horse in question and also for his costs. Mr. and Mrs. Myres are now in Texas, but left a bond which is good for the amount.

R. A. Epperson, Roy, is at work on the house of R. L. Campbell this week.

## ELLER.

Rev. Sam Williams preached at Concord last Sunday.

Mr. James Hatfield, of Dunnville, was here Thursday.

Mrs. Mack Wells is reported quite sick at this writing.

C. C. Bernard, of Jamestown, visited at D. F. Bernard's Thursday night.

Jerry Brown and son, Bill, were at Avis Friday.

The farmers here are about through planting corn.

## ARWED---The German Coach Horse!!

THIS HORSE, GREAT IN BREEDING, SIZE, FORM AND STRENGTH, IS the one so well adapted to meet the needs of this section. Size, form and action are the points of usefulness that every breeder should consider and in ARWED you find every desirable make-up, including style and speed. The day for mere appearance is fast passing and the worth of a horse, like that of man, will be measured by what he will do.

ARWED'S first colts are now two years old, and out of all, there is not an underling in his get. They have the finish of the fancy saddle bred, the form of a show-horse and the power of the draft. It costs no more to raise a good horse—a horse of good size—than it does to produce the underlings. Ready for market, ready for use in every emergency are the German Coach horses.

PEDIGREE: Arwed, No. 2783, sired by Achim, No. 1059, he by Achilles, No. 1313; dam, Ardo No. 1000, by Agammennon, No. 560. Arwed is a beautiful brown horse, 16 hands high and weighs 1250 pounds. He is a mottle in size, action and style. You must see him to appreciate his worth. Fee, \$10.00 to insure a living colt.

## Jack Chinn

Is a black jack with mealy points, not too large, neither too small, but is known to be one of the best mule jacks in the county. He will serve for \$7.00 to insure a living colt. Care will be taken to prevent accidents, but not responsible should any occur. Mares will be fed at cost and pastured at \$2.00 per month after May 1st.

This stock will be found at the stables of J. C. Browning, 6 miles west of Columbia and one mile from Milltown. Money due when colt is foaled, mare traded or removed from the neighborhood. Not responsible for accidents. For further information address

In several localities the wives and daughters of Equity men have started independent locals of their own, says the Equity Farm Journal. In every instance the object of the ladies' organization is to assist the husbands and fathers in their fight for equity and better conditions. Such loyalty and enthusiasm on the part of the women ought to inspire the men with redoubled energy.

## INGERSOLL ON CLOVER.

In declining an invitation to a Clover club dinner once Col. Robert Ingersoll wrote:

"A wonderful thing is 'clover.' It means honey and cream—that is to say, industry and contentment—that is to say, the happy bees in perfumed fields and at the cottage gate 'Old Boss,' the bountiful, serenely chewing satisfaction's cub in that blessed twilight pause that, like a benediction, falls between all toil and sleep. This clover makes me dream of happy hours, of childhood's rosy cheeks, of dimpled babes, of wholesome, loving wives, of honest men, of springs and brooks and violets and all there is of stainless joy peaceful human life.

"A wonderful word is clover! Drop the 'c,' and you have the happiest of mankind. Take away the 'c' and 'r,' and you have left the only thing that makes a heaven of this dull and barren earth. Cut off the 'r' alone, and there remains a very deceitful bud that sweetens the breath and keeps peace in countless homes whose masters frequent clubs. After all, Bottom was right, "Good hay sweet hay, hath no fellow."

## OF INTEREST TO DEMOCRATS.

The National Democratic Congressional Campaign Committee has begun active operations at its headquarters at Washington, D. C. In addition to its regular work, it is now preparing a Campaign hand-book which it hopes to have ready for distribution by July 1—two or three months earlier than heretofore.

The Committee is charged with the duty of assisting, in every way possible, the election of a Democratic Congress. We wish the active co-operation of every voter in the United States who believes, with us, that the election of a Democratic Congress would greatly benefit the country. We must rely upon the people to sustain our work by giving information as to local conditions, and suggestions for our guidance.

Each individual can at least aid us by making a contribution. Will he not do so and interest others in helping us too?

We with our Campaign hand-book distributes as generally as possible, and we will furnish a copy, as soon as published, to every one who contributes to our committee. Send remittances to me at Washington, D. C. JAMES T. LLOYD, Chairman.

## PLEA FOR HARMONY.

Washington, D. C., May 18, 1908. Mr. Charles Sommers, Elizabethtown, Ky.

Dear Sir: Friends have written me, and newspapers have suggested that I should be one of the four delegates from the State at large to the National Democratic Convention to be held at Denver on the 7th of July.

While I am grateful for this ex-

The ill peculiar to women, take different forms.

Some ladies suffer, every month, from dark rings round their eyes, blotches on their skin and tired feeling. Others suffer agonies of pain, that words can hardly express. Whatever the symptoms, remember there is one medicine that will go beyond mere symptoms, and act on the cause of their troubles, the weakened womanly organs.

### JABEZ.

Dr. J. B. Scholl, is at Jamestown this week.

Mr. Ed O. Stone of Danville, representing Strater Bros., Tobacco Co., and a Mr. Irvin were here Thursday night. Mr. Stone found Mr. Irvin stuck in the mud near Somerset, with his buggy most torn to pieces and one horse out. Mr. Irvin left his rig there and is making this trip with Mr. Stone.

Miss Kate Wooldridge was in Somerset Monday shopping.

M. A. Popplewell lost a fine mare last week. She fell on a rock and cut her fore leg and blood poison set up.

Mr. Joe Wooldridge, the youngest son of Mrs R. Wooldridge and Miss Mattie Bolin, were married the 12 inst.

Mr. Ed Duncan of Stunbensville, and Miss Fair Belle Oatts of Rankin, passed through here en route home from Columbia, where they had been visiting friends and relatives.

### IRVIN'S STORE.

Our farmers were never farther behind. There being much corn to plant and ground unbroken.

Roads are the worse ever seen at this time of year, many places being almost impassable.

The little boy of George Emerson's died last night of hydrocephalus.

Bryant Meece and wife were here on a visit last Sunday.

M. W. Cofer who recently moved to Nancy, was here on a visit Sunday.

Several of our young people took the teachers examination at Jamestown last Friday and Saturday.

Mr. W. N. Emerson and Miss Hester Wade, of Decatur, were married last Sunday.

Your scribe attended the county medical society held at Russell Spring yesterday. There was a small attendance yet it was a very interesting meeting. Dr. Wesley of Middlesburg, counselor for this district was present and made an interesting talk. Mrs. Dr. Combest prepared dinner for all the doctors present, and a good one it was. The Dr. and his wife, don't do thinks by halves.

### HATCHER.

The farmers have become much discouraged because of so much rain. Very few are done planting corn and a great many are not done breaking their ground.

Wheat, oats and hay crops look very promising, they will soon be ready for harvesting.

The Vants Bros. have opened a store at Rockville, Ky.

Mrs. Lillian Buchanan, wife of Mr. C. H. Buchanan, has been very ill for several days.

Eugene Sallee returned home Sunday from Garlin, where he has been visiting relatives.

Mr. M. B. Mays, of Hatcher, who has been sick for several months is improving slowly.

Miss Pearl May, Miss Willard Huffaker, Mr. Denning Stailey and Eugene Sallee were at Mr. and Mrs. Fred Mays Sunday evening.

Miss Willard Huffaker of

Garlin, is visiting relatives in Green and Taylor counties.

We are aiming to have childrens day at Rockville on the first Sunday in June. Every body invited.

There is going to be a base ball organization at Rockville pretty soon. Come and join us.

### JOPPA.

We still have lots of rain and farmers not done planting corn.

Grass is looking fine also gardens that happened to get planted early.

Pearl, the little daughter of Mr. and Mrs. Tom Bryant died May the 15th. She had been in delicate health some time but still kept up until a few hours before she died. It made it hard to give her up but, she's far better off if it was the Lord's will to take her now.

Miss Effie Conover entertained a number of her friends last Friday night.

Mrs. A. O. and Miss Dora Young were shopping in Columbia last Thursday.

Quite a number from here attended the all day meeting at Clear Spring last Sunday.

### COFER.

We are having plenty of rain and farmers are very far behind with their work.

Mr. Leonard James who was in Pevely Mo., for the past six months returned home Saturday.

The singing given at Mr. J. W. Reece's Saturday night was largely attended and nice time was enjoyed.

Mr. Chalmus Hurt passed through here en route for Breeding, a few days ago.

Mrs. Alice Jesse who has been sick for some time is better.

Messrs. Joe, Leonard and Charles Guinn drummers for dry goods and clothing called on our merchants last week.

Lemis Reece attended the singing Saturday night.

Messrs. Amos England and John Jesse of Red Lick, were here Monday.

### GOT EVEN.

"I had a woman enemy once" said the shabby actor. "She was leading lady in the company when I was leading man. On the stage we were lovers, but off the stage we didn't even speak when we met. "'Tis true 'tis pity, and pity 'tis 'tis true."

"I had one scene with her in which I had to clasp her in my arms, sir, while her head sank upon my breast. I wore a frock coat and a beautiful light satin scarf. And what did that woman do?"

"She used, of course to make up with grease paint, and when her head sank upon my breast she would rub her cheek against my tie, and—well, a light satin tie, sir, with red grease paint on it is not a thing of beauty. I had to buy a new tie for every performance."

"For five nights I stood it but revenge is sweet. On the sixth evening I filled my scarf with pins; points out, and when my lady rubbed her cheek against my breast—

"Sir, have you ever seen an underdone steak?"—London Express.

### ABSHER.

Mrs. Belle Moore is very low at this writing.

Miss Rebecca Brockman visited Miss Mattie Morris Saturday and Sunday.

Mr. J. B. Russell and daughter, Miss Ollie, were in Columbia last week.

Mr. and Mrs. H. B. Robertson were in Cane Valley Thursday.

Mr. J. T. Banks made a flying trip to Watson one day last week.

R. A. Cooley is at his saw mill on Casey Creek this week.

Misses Annie and Judell Robertson visited their sister at Holmes last week.

Messrs. L. Y. Cabbert and Ray Williams, of Casey Creek neighborhood, passed here en route for Columbia.

Mr. Fred Humphress was at Knifley Saturday.

J. D. Absher and daughter, Altha, attended the ice cream supper at Cane Valley.

Mr. Howard Russell was the guest of Mr. Fred Humphress Sunday.

Miss Mary Gabbert, of Roley, is spending a few days with her grandma of this place.

Miss Nellie Thomas visited Bertha Dillingham Sunday. Also Misses Claris Stotts, Nancy Willis and Annie Smith. Messrs Nolan White, Elba Miller, William Story and Chester Wright.

### FONTHILL.

News in this part has been a little scarce for a while.

Farmers are behind with their work, owing to so much wet weather.

Jacob Walters, of this place, was visiting his uncle, J. P. Walters, of Decatur, one day last week.

There has been some stock sold at this place, but your correspondent is not posted on the prices.

Mr. W. N. Emerson, of Irvin's Store, and Miss Hester Wade, of Decatur, were married last Sunday.

Miss Ora Gear, of Speck, is visiting her sister and friends of this place.

The combined force of the Clear Spring and Salem string bands met at Bud Wilson's last Saturday evening, and if noise is music, we had 'er.

There is an old and very true saying, that "Blessings brighten as they take their flight." Very often the possibility of losing them brings us to a realization of the fact that they are blessings rubbing off the rust produced by forgetfulness. This is true of our family and friends. While they are with us constantly, and we meet them daily, it is apt to be the case that their shortcomings out number their virtues.

But let there be a prospect that a member of the family, or a real friend is to leave us even though but for a short time in another State, and we begin to realize what are to us, how great their companionship has added to our happiness. Suppose we begin now to brighten up our blessings by remembering them while they are with us. Let us appreciate what we have, and by finding enjoyment in the present moment, pave the way for still happier days in the future.

## WITH OUR CORRESPONDENTS

Week's Happenings—News Important or Otherwise as Reported By Our Corps of Correspondents.

### GRADYVILLE.

Geo. H. Nell is in Cumberland county this week.

J. A. Diddle was at Greensburg last Thursday and Friday.

G. T. Flowers was in Campbellsville last week.

Rev. J. W. Sexton preached at the Baptist church in our city last Sunday.

Prof. R. R. Moss and wife, of Columbia, visited C. O. Moss and family, of this place, Saturday night and Sunday.

Miss Mary Wilmore spent last week, visiting relatives at Bliss.

Miss Annie Bradshaw, of the Bliss community, spent a few days of last week, visiting the family of L. C. Hindman.

Ed Atkins, Will Lyon and Jas. Goff, groccymen of Louisville, made our town last week.

Brack Cain, one of our up-to-date business men, was in the community of Montpelier the first of the week.

We take it that the few hot days we have had is fine on the growing wheat crops, and we must say the prospect is fine in this section.

"Uncle" Geo. Flowers, one of our oldest and most industrious citizens, is spending a few days this week with his relatives in Columbia.

Mr. Dan Wilson, of Horse Cave, the well-known fertilizer man, was in our midst one day last week. He stated that the demand for fertilizers increased every year in this State as well as in other States. We are satisfied that the demand here this season was greater than we have ever known it. It looks like our farmers can not do without it, and they are correct.

Mr. Geo. Akin, one of the best citizens in the Sparksville coun-

try, on his return from Milltown, last Thursday, called in to see your reporter, who was certainly glad to shake his hand. He informed us that every thing was civil in his community, farmers moving along nicely with their work. He had following him one of the best colts that has been to this town this season, a perfect model in every respect. We looked with both eyes, using a pair of good glasses, and we could not find a single defect about him. The stock of this colt is the Coach.

W. L. Fletcher, one of our progressive farmers, was in our midst last Thursday and informed us that he was almost through setting tobacco. He also stated that he had an old field in cultivation, it being in corn, that had not been cultivated before for forty years. He planted in the month of April, using the Fox brand of fertilizer. We understand this is the finest field of corn in this section.

Mr. D. C. Wheeler and wife spent last Thursday in Columbia, shopping.

Mr. Warren Sallee, of Columbia, was here a few days ago with his Peacock colt. He placed him along side of Jim Clayton's colt, same stock, and it will take a better judge than your reporter to tell which of the two is the best. Mr. Grady says he would part with \$200 for the two.

Dr. S. A. Taylor, our old friend and neighbor, now of Montpelier, paid us a visit last Saturday. Every body was glad to see him.

The Wilmore Hotel was enlivened last Thursday night with excellent music, rendered by Woody Henderson and W. C. Hill.

### ROY.

The weather being fine, the farmers have all been "Johnie on the spot" in this vicinity for several days.

The health of this community is good, except Mrs. Lucian Moore, who has been sick for several weeks, and is no better at this writing.

Mr. Ben Allison was taken to the Asylum at Lakeland Thursday of last week. His mind has been feeble for some weeks, but was not necessary to carry him away until last week.

Mr. G. R. Redmon, our merchant, is still doing a hustling business, but he reports the farmers being a scarce article at his place for a few days.

Wheat is looking promising through this section at present, and corn is coming to the front at a lively pace.

### Thinks It Saved his Life.

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at T. E. Paull's drug store. 50c. and \$1.00. Trial bottle free.
